

United States of America
Department of Transportation -- Federal Aviation Administration
Supplemental Type Certificate

Number SA03527AT

This certificate issued to Star Aviation, Inc.
2150 Michigan Avenue
Mobile, Alabama 36615

certifies that the change in the type design for the following product with the limitations and conditions therefore as specified hereon meets the airworthiness requirements of Part 23 of the Federal Aviation Regulations.

Original Product - Type Certificate Number: See attached FAA Approved Model List (AML), Star Aviation Document No. R34-0447, Rev. IR, or later FAA approved revision, for the list of approved aircraft models, applicable installation data requirements and specific limitations.
Make:
Model:

Description of Type Design Change: Installation of an Avidyne EXP5000 Primary Flight Display (PFD) system in accordance with the Star Aviation Master Data List (MDL) referenced in attached AML, or later FAA approved revision.

Limitations and Conditions: An FAA approved Airplane Flight Manual Supplement (AFMS) as specified in the attached AML is a required part of this STC. This approval should not be extended to other aircraft of this model on which other previously approved modifications are incorporated, unless it is determined by the installer that the interrelationship between this change and any other previously approved modifications will produce no adverse effect upon the airworthiness of that airplane. If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

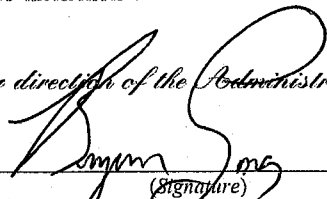

Date of application: April 12, 2007

Date reissued:

Date of issuance: December 14, 2007

Date amended:

By direction of the Administrator
